Submitted values are:

Should there be a total cap on STRs in the unincorporated county?

No

Should STRs be capped based on the ratio of STRs to the total number of dwellings in a zoning district? (Example: No more than 10% of dwellings can be STRs)

No

Should existing permitted STRs be grandfathered in?

No

Additional comments

I believe that individuals have the right to use their property for income however they see fit -as long as it complies with existing zoning and use- however the negative effects of their choices should be offset with taxes and fees that directly benefit the community or people effected by their choices
