

Clatsop County Pavement Preservation 2024 Schedule - Maps

The Clatsop County Public Works Department is gearing up for this summer's pavement preservation season to increase the service life of an existing asphalt or oil mat road. The following information is to help the public better understand the process and how to avoid any damage to personal vehicles as well as help the road crew complete the process successfully. Maps are also provided indicating where the crews will be chip sealing in 2024.
