

Manufactured Structures

As of January 27, 2017, the Clatsop County Assessor's Office is no longer authorized to process applications for manufactured home ownership or situs changes; however, we will provide certification that taxes have been paid. The Building Codes Division (BCD) of the Oregon Department of Business and Consumer Services (DCBS) has launched their new online software system and will be responsible for processing applications. Please visit mhods.oregon.gov for more information.

For questions or concerns regarding manufactured structure assessments, taxation, and exemptions, please contact (503) 325-8522.

Property Records

Current property ownership, assessor maps, certified taxes, tax account balances, property values, and property inventory information is available from the internet.

Our Property Info page allows the public to easily search for parcel information, assessor maps, certified tax statements...
